LOT 16 - Mint Postwar Lionel 470 Missile Launching Platform with Exploding Target Car accessory in OB

Description

Mint Postwar Lionel 470 Missile Launching Platform with Exploding Target Car accessory in original box, C9-10 in an excellent to near mint original box with all original inserts. The original box originally was marked 0470 on the end but was over stamped to be just 470. I have seen both 470 and 0470 boxes in numbers but have never seen an over stamped version.
